The Daily Mirror World Cup Rally

WCR50 celebrates the 50th Anniversary of the *Daily Mirror* London-Mexico City World Cup Rally. This was the longest and most ambitious event of its kind to date. The World Cup Rally left Wembley Stadium on 19th April 1970 for the 16,179 mile, 6-week trip to the Aztec Stadium in Mexico City .

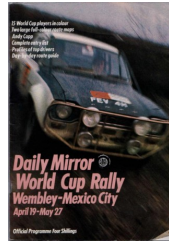

Nearly 100 cars, with a wide variety of works teams and private entries from all round the world flagged away by Sir Alf Ramsay, would first follow a demanding route of road sections and special stages from London to Lisbon. Only 71 cars would arrive in Lisbon ready to embark on the sea passage to South America and then re-join the battle from Rio de Janeiro on the very hard and challenging route to Mexico City.

The pace of the rally was relentless and with the punishing terrain raced over, only 23 cars would make it to the finishing line at the Aztec Stadium in Mexico City.

The 1970 World Cup Rally remains one of the most significant events in the history of international motorsport.

On the fiftieth anniversary, to the day, of the Wembley Stadium start, **WCR50** celebrates this monumental marathon rally and the achievements of its participants, including the cars, the competitors and their support crews.

About WCR50

WCR50 plans to stage a reunion of all the surviving cars, and as many of the original surviving cars, together with true replicas where available.

In addition, surviving cars from other marathon rally events of the 1960's and 70's including the East African Safari, the London

-Sydney Marathon, 1974 World Cup Rally and other similar events, up to 1995, are being invited to

attend. This should help to make a memorable event for those interested in long-distance rallying.

Inside the Museum there will be film shows, displays of World Cup memorabilia and a chance to see all the rally personalities in conversation with the noted historian, Graham Robson who has written the definitive book on the World Cup Rally. This will be on sale with other items at **WCR50**

Any classic motorsport-themed clubs interested in having display facilities at **WCR50** are asked to contact the organisers as early as possible at:-
